Dear Mr. Buck:

RE: ACT/053/002, proposed building stone quarry, Washington County

The staff has reviewed this action and feel that this area has a high potential for archeological resources. Therefore, we feel a survey should be accomplished for this area. The State Historian also would like to know if this is a new quarry or whether it has been worked before.

If you have any questions, please contact Wilson G. Martin, Preservation Planner, Utah State Historical Society, 603 East South Temple, Salt Lake City, Utah 84102, 533-5755.

Sincerely,

Michael D. Gallivan
